Yesha Parikh

Full Stack Web Developer
Old Ahmedabad

Summary

I am Full Stack Web Developer specializing in | PHP | WordPress | Shopify platform. I can help you from setting up simple on-line store to build robust e-commerce platform, Custom application. Also I can consult you at every stage of project like Choosing right platform, Analytics and Reporting, Inventory management, Order Management, Procurement, Pricing and Promotions, Payment methods etc.

I've overall 4+ years of industry experience working with a wide range of clients from different locations like USA, Canada, Australia. And so far, I'm enjoying my journey.

Feel free to come up with your questions, I would be happy to help you out anytime.

And last but not the least thanks for viewing my profile!
